

Mathematics

Challenge 1: Take some pictures of groups of items in your home. Can you use these pictures to create some addition and subtraction number sentences?

Things you might look for:

1. Bananas in a bunch
2. Slices of bread in a pack
3. Apples in a bag
4. Teddies in your room
5. Pencils in your pencil case

Challenge 2:

Use number cards or dice. Roll the dice or pick some number cards to create some addition and subtraction problems.

(25 + 2, 25 + 11, 25 - 4, 25 - 12)

This can be completed at any point over Autumn 2

Science

This term we will be studying Digestion. Looking at what parts make up our digestive system.

Re-create our model digestive system at home. Can you record what you did and take any photos of the process?

Use this website to help you:

<https://www.stem.org.uk/elibrary/resource/35396>

You will need:

- 1 banana
- 1 cracker
- Pair of tights
- Orange juice
- Plastic cup
- Paper cup
- scissors

This can be completed at any point over Autumn 2

Personal Social Health Education Partner project:

Challenge 1: Food is important in keeping us healthy, but so is exercising. Can you, during this half term take part in some exercise and keep a record of what you did?

This could be taking part in a swimming lesson, playing a team sport such as football or hockey or riding your bike. Can you take a photograph of you taking part in some exercise and a short description of the activity.

Challenge 2: We know fruits and vegetables are an important part of your diet and keeping you healthy. Next time you visit a supermarket, see if you can spot a fruit or vegetable you haven't eaten before.

If you can, take it home, take a picture of you with the food item and try it. What did it taste like? Did you like it? Why? Why not?

Mathematics

Challenge 1:

Can you use these sites to help you with your addition and subtraction.

You may want to take a screen shot of any work. These can be printed and stuck into your books. Or you may want to write down any of your calculations and show how you worked them out.

<https://www.topmarks.co.uk/maths-games/mental-maths-train>

<https://www.topmarks.co.uk/maths-games/subtraction-grids>

<https://www.topmarks.co.uk/maths-games/daily10>

For each game you will need to choose what type of addition and subtraction you want to practice. For example, 2 digit numbers or 3-digit numbers, numbers only up to 100? Choose the level that suits you.

Literacy (Science)

Challenge 1: Can you create an information poster about the key parts of the digestive system. Imagine you are creating this poster for a member of class 2. Keep information clear and easy to understand. Your poster can include pictures and diagrams.

Challenge 2: Create some fact cards for each body part of the digestive system.

mouth, oesophagus, stomach, small intestine, large intestine, liver, pancreas, anus.

On each card can you describe what their function is in the digestive process.

Parent/Carer Signature: _____

Challenge 1: Can you explore how the Christian concept of the Trinity is represented in stained-glass window designs such as

Could you choose your favourite and have a go at replicating it in your own way – drawing, painting, collage etc. Can you explain what you particularly liked about this representation of the Trinity?

Parent/Carer Signature: _____

Spanish (Geography)

Challenge 1: Can you research and find out some facts about Spain. Things you might want to think about:

What is the capital city? What countries border it? What is a traditional food? Do they have a king or queen? Do they have a prime minister? Present your information in a poster.

Music (History)

Challenge 1: Research a famous Victorian composer and listen to a piece of their music. Did you like the piece of music? If you did, what did you like about it?

Some people to research: Edward Elgar, Gustav Holtz, Michael W Balfe, Frederic Hymen Cowen.
